# Message from our founder

The top priority and the main objective when purchasing seating should be to acquire chairs that are aesthetically pleasing, comfortable and superb quality manufacturing to devise a product that meets your exact criterion at a reasonable price. We have condensed the basic 5 C's to check off your list for a decision process made easy:

**Craftsmanship • Comfort • Construction • Cost • Customization**

The Seating Shoppe was established to bring vision to life. We lovingly turn imagination's fancy into a product. Our process is curated to achieve the dreams of the seating visionary, taking each crucial aspect into account. No matter the question- we accept extraordinary as the answer.

We understand the needs of our customer, and we aspire to ensure a delivery of those needs met, each unique vision treated with care.

I invite you to join us on this seat-creating journey and sink into the chair that fits your fancy, up until the very last thread. We value consistent communication. Feel free to contact us: among our jobs of plenty, one we consider near and dear is that of answering any questions you might have. The honor is ours!
